WEB & REACT JS

- Solid understanding of CSS Frameworks like Bootstrap
- Proficient in Version Control using Git and GitHub.
- Proficient in creating Reusable Components
- Strong Experience with React Router for Navigation

SQL & DATABASE

- I received a rating of **one** in a mock interview at **Qspiders**.
- Good understanding Of RDBMS Concepts Like Datatypes Constraints
- Excellent Knowledge Of Writing SQL Queries.
- Good Understanding Of SQL Concepts Like Grouping, Having Clause, Special Operators, Functions etc.

JAVA & OOPS

- I have studied java course on Qspider.
- Good understanding Of OOPs concepts.
- Excellent Knowledge Of Inheritance.
- Strongly understood the String class , Control statements, Overloading and Overriding.
- Practiced Extensively On Eclipse.

THILAGAVATHI CHANDRASEKAR

PROFILE

A recent BE (Computer Science and Engineering) graduate with a strong foundation in SQL and database concepts, currently pursuing a JavaFullstack Development course. Completed SQL course at QSpiders with a One mock rating and eager to apply knowledge in database management and software development in an entry-level position.

SKILLS

Language : HTML, CSS, Javascript, Java

DataBase : SQL

Tools : Oracle 10g Database ,Git

Library : React.js

Framework : Bootstrap-5

DATABASE & SQL SKILLS

- Good understanding Of RDBMS Concepts
Like Datatypes Constraints
- Excellent Knowledge Of Writing SQL Queries.
- Good Understanding Of SQL Concepts Like
Grouping, Having Clause, Sub Queries,
Functions etc.
